HAND FAN Breezy II

- Rechargeable battery-operated manual fan5 speed settings at the push of a button

- Magnetic foot with an integrated mirror
 Battery power, depending on setting, 2 to 8 hours
 Battery charging time ca. 3 hours
 Including USB charging cable

- LED control lights
- Power rating: 4 WCharging voltage: 5 V DC/1 A
- Battery: Li-ion battery 2000 mAh 3.7 V Dimensions (LxWxH): ca. 10 x 3.8 x 20.5 cm
- Accessories: Magnetic base, USB cable

Order no.: 86620 White Order no.: 86624 Pink Order no.: 86626 Green Order no.: 86628 Blue

Order no.: 86629 Anthracite

HAND FAN Breezy Swing

- Rechargeable battery-operated manual fan5 speed settings at the push of a button

- Base with 120° switchable oscillation
 Battery power, depending on setting, 2 to 8 hours
 Battery charging time ca. 3 hours
 Including USB charging cable

- LED control lights
- Power rating: 4 WCharging voltage: 5 V DC/1 A
- Battery: Li-ion battery 2000 mAh 3,7 V
 Dimensions (LxWxH): ca. 10.5 x 4.8 x 21.2 cm
- Accessories: Base, USB cable

Order no.: 86630 White Order no.: 86634 Pink Order no.: 86636 Green Order no.: 86638 Blue

Order no.: 86639 Anthracite

NECK FAN Breezy

- Flexible neck fan with battery for at home or on the go
- Comfortable neckband ensures free hands during use
- 3-stage speed control at the push of a button
- Switchable LED lighting on rotor blades (off, color change, permanent color)
- Thanks to the flexible gooseneck, the fan can be tilted in different directions
- Battery operation depending on the level ca. 2-8 hours
- Battery charging time about 3 hours
- Including USB charging cable
 LED indicator light including safety net protection against catching long hair
- Space-saving storage
- Power rating: 1,2 W
- Charging voltage: 5 V DC/1 A
- Battery: Li ion battery 2000 mAh
- Dimensions (LxWxH): ca. 21.4 x 2.7 x 29 cm
- Accessories: USB cable

Order no.: 86690 White Order no.: 86694 Pink Order no.: 86696 Green Order no.: 86698 Blue

Order no.: 86699 Anthracite

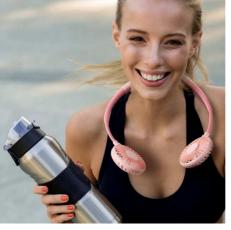

TABLE FAN Breezy Clip

- Flexible fan for attachment to the table top
- 3-stage speed control
- Interval mode (10 seconds on / 5 seconds off)
- Thanks to the flexible gooseneck, the fan can be tilted in any direction
- Practical clip for attaching to table tops of different thicknesses
- Battery operation depending on the level approx. 2-8 hours
- Battery charging time about 3 hours
 Including USB charging cable
- LED indicator light
- Power rating: 4 W
- Charging voltage: 5 V DC/1 A
- Battery: Li-ion battery 2000 mAh
- Dimensions (LxWxH): ca. 10.4 x 11.8 x 37.3 cm
- Colour: White/yellow Accessories: USB cable

Order no.: 86680

TABLE FAN Breezy

- Modern, battery-operated table fan
- 5-stage speed control
- Usable as a power bank: allows charging of mobile devices such as smartphones, headphones etc.
- Adjustable angle of inclination
- Battery power, depending on setting, ca. 3.5-14 hours
- Stable base
- Easy to use
- LED indicator light
- Power rating: 4,6 W
- Charging voltage: 5 V DC/1 A
- Battery: Li-ion battery 4000 mAh
- Dimensions (LxWxH): ca. 17 x 13.8 x 27.5 cm
- Colour: White/grey
- Accessories: USB cable

TABLE FAN 3D

- 3D air circulation 80° oscillation, 100° angle of inclination for better air distribution in summer and winter
- Oscillation and inclination can be set separately/combined
- 8 continuously adjustable speed levels
- 500 1,800 rpm
- Timer (1 8 hours)
- 2 ventilation settings: "natural" changing speed intervals, "temperature controlled speed setting" – speed adjustable to ambient air temperature
- On/off switch
- Removable front bars for easy cleaning
- Including practical remote control
- Easy-to-use
- Power rating: 16 W, 220-240 V~, 50/60 Hz
- **Dimensions** (LxWxH): ca. 23.2 x 23 x 30.5 cm, 17 cm Ø
- Colour: White/black
- Accessories: Remote control

Order no.: 86840

TABLE FAN Chrome

- Stylish desk fan
- 3 adjustable speed settings
- Additional oscillation function
- Practical handle in the housing
- Adjustable angle of inclination
- **Power rating:** 35 W, 220-240 V~, 50/60 Hz
- **Dimensions** (LxWxH): ca. 33.7 x 25.3 x 42.6 cm, 30 cm Ø
- Colour: Chrome

TABLE FAN Silverline White

- Stylish table fan2 adjustable speed settings at the push of a button
- Additional oscillation functionAdjustable angle of inclination
- Practical handle in the housing
- Protection class II
- Power rating: 25 W, 220-240 V~, 50 Hz
- **Dimensions** (LxWxH): ca. 27.5 x 22.5 x 39.5 cm, 25 cm Ø
- Colour: White/silver

Order no.: 86810

TABLE FAN Silverline Black

- Stylish table fan
- 2 adjustable speed settings at the push of a buttonAdditional oscillation function
- Adjustable angle of inclination
- Practical handle in the housing
- Protection class II
- Power rating: 25 W, 220-240 V~, 50 Hz Dimensions (LxWxH): ca. 27.5 x 22.5 x 39.5 cm, 25 cm Ø
- Colour: Black/silver

TABLE FAN Silverline White

- Stylish table fan3 adjustable speed settings at the push of a button
- Additional oscillation functionAdjustable angle of inclination
- Practical handle in the housing
- Protection class II
- Power rating: 40 W, 220-240 V~, 50 Hz
- **Dimensions** (LxWxH): ca. 36 x 28 x 51.1 cm, 30 cm Ø
- Colour: White/silver

Order no.: 86815

TABLE FAN Silverline Black

- Stylish table fan
- 3 adjustable speed settings at the push of a button
- Additional oscillation function
- Adjustable angle of inclination
- Practical handle in the housing
- Protection class II
- Power rating: 40 W, 220-240 V~, 50 Hz Dimensions (LxWxH): ca. 36 x 28 x 51.1 cm, 30 cm Ø
- Colour: Black/silver

STAND FAN Silverline White

- Fresh air in the whole room
- 3-step speed control at the push of a button

- Adjustable oscillation
 Adjustable angle of inclination
 Practical handle in the housing
- Protection class II
- Power rating: 50 W, 220-240 V~, 50 Hz
- **Dimensions** (LxWxH): ca. 45 x 2 x 132 cm, 40 cm Ø
- Colour: White/silver

Order no.: 86820

STAND FAN Silverline Black

- Fresh air in the whole room
- 3-step speed control at the push of a button
- Adjustable oscillation
- Adjustable angle of inclination
- Practical handle in the housing
- Protection class II
- Power rating: 50 W, 220-240 V~, 50 Hz Dimensions (LxWxH): ca. 45.1 x 41.8 x 133 cm, 40 cm Ø
- Colour: Black/silver

TOWER FAN Skyline

- Modern, slim design
- 3 adjustable temperature settings
- Aroma box for distributing pleasant smell
- Ventilation mode: sleep/standard/near natural for pleasant, comfortable climate in the room
- Additional oscillation function
- Including practical remote control
- Large, well-visible LED display with temperature indication
- Indicator lights
- Practical handle in the housing
- Ionic function
- Adjustable timer (1 to 8 hours)
- Stable stand
- Easy to use
- Power rating: 60 W, 220-240 V~, 50 Hz
- Dimensions (LxWxH): ca. 32.5 x 32.5 x 106.6 cm
- Colour: Black
- Accessories: Remote control incl. batteries

Order no.: 86855

STAND FAN Tower

- Modern, slim design
- 3 adjustable speed settings at the push of a button
- Additional 70° oscillation function for a better air distribution
- Including practical remote control
- Indicator lightsPractical handle in the housing
- Adjustable timer (0.5 to 7.5 hours)
- Stable stand
- Easy to use
- Power rating: 30 W, 220-240 V~, 50 Hz
- Dimensions (LxWxH): ca. 22 x 22 x 72.1 cm
- Colour: White

Accessories: Remote control

TOWER FAN View

- Modern, slim design
- 3 adjustable temperature settings
- Ventilation mode: sleep/standard/near natural for pleasant, comfortable climate in the room
- Additional 80° oscillation function for better air distribution
 Including practical remote control
- Indicator lights
- Adjustable timer (0.5 to 7.5 hours)
- Stable stand
- Easy to use
- Power rating: 40 W, 220-240 V~, 50/60 Hz
- Dimensions (LxW/DxH): ca. 28 x 28 x 111 cm
- Colour: White/black
- Accessories: Remote control incl. batteries

Order no.: 86890

TOWER FAN Black Tower

- Modern, slim design
- 9 adjustable speed settings at the push of a button
- Switchable night mode
- Additional 90° oscillation function for better air distribution
- Touch control
- Blue ambient lighting in the base
- Including remote control
- High visibility LED display
- Timer function (1 to 8 hours)
- Stable stand
- Easy-to-use
- Power rating: 26 W, 220-240 V~, 50/60 Hz
 Dimensions (LxWxH): ca. 23 x 23 x 96 cm
- Colour: Black
- Accessories: Remote control incl. batteries

TOWER FAN Sight

- Modern, slim design
- 3 adjustable speed settings
- Additional near natural mode changing fan speed
- Additional 70° oscillation function for better air distribution
- Including practical remote control
- Integrated storage compartment for remote control
- Well-visible LED display with temperature indication
- Indicator lights
- Adjustable timer (1 to 8 hours)
- Cable storage
- Easy to use
- Protection class II
- Power rating: 40 W, 220-240 V~, 50/60 Hz
- Dimensions (LxWxH): ca. 14 x 14 x 83 cm
- Colour: White/black
- Accessories: Remote control incl. batteries

Order no.: 86940

STAND FAN 360°

- Almost complete room coverage thanks to the combination of oscillation and adjustable angle of inclination
- Oscillation for better air distribution: base 90°, fans 180°
- Angle of inclination 75° per fan
 All fans can be switched on/off separately
- 7-stage speed control
- Night light function with 3 different light intensities
- With practical remote control
- Integrated storage compartment for the remote control
- Clearly visible LED display
- On/off timer (1 to 6 hours)
- Stable base
- Power rating: 18 W, 220-240 V~, 50/60 Hz
- Dimensions (LxWxH): ca. 34 x 31.5 x 105 cm
- Colour: White/grey
- Accessories: Remote control incl. batteries

STAND FAN Nebula

- Modern stand fan with mist function for optimum room climate
- Refreshing cooling thanks to ultrasound mist
- Capacity of water tank ca. 3 litres
- 3-step speed control at the push of a buttonAdditional oscillation

- Adjustable angle of inclination
 Separately set mist function
 LED control light for water tank
- Timer 120 minutes
- Removable water tank easy to fill up
- Practical drain for remaining water at the rear
 Easy moving thanks to rollers underneath the base
- Protection class II
- Power rating: 90 W, 220-240 V~, 50 Hz Dimensions (LxWxH): ca. 44.6 x 37.3 x 120.8 cm, 38 cm Ø
- Colour: White/black

STAND FAN Colonial

- Stand fan in nostalgic design3 adjustable speed settings

- Additional oscillation function
 Practical handle in the housing
- Frame with tripod made of fine pine wood
- Adjustable angle of inclination
- Power rating: 50 W, 220-240 V~, 50 Hz
- **Dimensions** (LxWxH): ca. 68 x 61.1 x 125.5 cm, 45 cm Ø
- Colour: Chrome/pine

Order no.: 86895

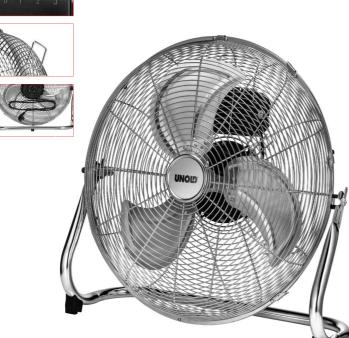

WIND MACHINE Speed

- 3 adjustable speed settings at the push of a button
- Adjustable angle of inclination
- Fan diameter ca. 45 cm
- Practical handle on the housing
- On/off switch
- Cable storage
- Safe stand thanks to robust metal frame
- Non-slip feet
- Power rating: 100 W, 220-240 V~, 50 Hz Dimensions (LxWxH): ca. 54 x 19 x 51.5 cm, 45 cm Ø
- Colour: Chrome

AIR COOLER Fresh

- Mobile evaporative cooler for optimal climate
- 2 included cooling batteries for extra freshness
- 3 ventilation modes: sleep/standard/near natural for pleasant, comfortable climate in the room
- Water tank volume ca. 2 liters
- 3 adjustable temperature settings at the push of a button
- Additional 40° oscillation function for better air distribution
- Evaporative cooler can be switched on/off separately
- Adjustable timer (1 to 8 hours)
- Practical water level indicator
- Removable water tank, lockable and easy to fill
- Easy-to-use touch panel
- Indicator lights
- Practical handle in the housing
- Removable, replaceable dust filter
- Including practical remote control
- Power rating: 80 W, 220-240 V~, 50/60 Hz
 Dimensions (LxWxH): ca. 26 x 21.5 x 73.5 cm
- Colour: White

FAN HEATER Handle

- Switch with 4 settings for off, fan, warm air, hot air
- Thermostat with continuously adjustable temperature control
- Stable plastic housing
- Tip-over protection/auto off = safety switching off
- Lightweight and quietConvenient carrying handle
- Indicator light
- Overheat protection
- Protection class II
- Power rating: 1,000/2,000 W, 230 V~, 50 Hz
 Dimensions (LxWxH): ca. 19.5 x 12.2 x 29.9 cm
- Colour: Silver/black

Order no.: 86106

FAN HEATER Rotate

- Switch with 4 settings for off, fan, warm air, hot air
- Thermostat with continuously adjustable temperature control
- Stable plastic housing
- 75° oscillation for better air distribution in the room
- Oscillation function can be switched on/off
- Tip-over protection/auto off = safety switching off
- Convenient carrying handle
- On/off switch
- Lightweight and quiet
- Overheat protection
- Protection class II
- Power rating: 1,000/2,000 W, 230 V~, 50 Hz ■ Dimensions (LxWxH): ca. 19.5 x 12.6 x 32.6 cm
- Colour: Silver/black

FAN HEATER Classic Red

- Switch with 4 settings for off, fan, warm air, hot air
- Thermostat with continuously adjustable temperature control
- Oscillates 90° oscillation for better air distribution in the room
- Oscillation function can be switched onat all stages
- Tip-over protection/auto off = safety switching off
- Convenient handle
- Overheat protection
- Protection class II
- Power rating: 2,000 W, 220-240 V~, 50 Hz
- Dimensions (LxWxH): ca. 21.5 x 22.5 x 29.5 cm
- Colour: Red/off-white/chrome

Order no.: 86203

CERAMIC FAN HEATER Design

- PTC ceramic fan heater
- 4 settings: off, fan, warm air, hot air
- Digital temperature control from ca. 10 °C to 35 °C
- Automatic switching on/off upon reaching chosen temperature
- LED display with temperature indicator
- 70° oscillation for better air distribution
- 8-hour timer
- Tip-over protection/auto off = safety switching off
- Removable, replaceable dust filter
- Very light and quiet
- Practical handle in the housing
- On/off switch
- Overheat protection
- Incl. practical remote control
- Protection class II
- **Power rating:** 2,000 W, 220-240 V~, 50 Hz
- **Dimensions** (LxWxH): ca. 17.9 x 17.9 x 43 cm
- Colour: White/black
- Accessories: Remote control with batteries

FAN HEATER Rondo

- Switch for 4 settings for off, fan, warm air, hot air
- Thermostat with continuously adjustable temperature control
- Stable plastic housing
- Tip-over protection/auto off = safety switching off
- Very lightweight
- Practical handle in the housing
- Overheat protection
- Protection class II
- Power rating: 1,800-2,000 W, 220-240 V~, 50/60 Hz
- **Dime**nsions (LxW/DxH): ca. 25 x 16.8 x 25 cm
- Colour: white/grey

Order no.: 86120

FAN HEATER Rondo Oscillating

- Switch for 4 settings for off, fan, warm air, hot air
- Thermostat with continuously adjustable temperature control
- Stable plastic housing
- Adjustable oscillation
- Tip-over protection/auto off = safety switching off
- Very lightweight
- Practical handle in the housing
- Overheat protection
- Protection class II
- Power rating: 1,800-2,000 W, 220-240 V~, 50/60 Hz
- Dimensions (LxW/DxH): ca. 25 x 19.4 x 29.8 cm
- Colour: white/grey

CERAMIC FAN HEATER Bathroom White

- PTC ceramic fan heater
- Switch with 4 settings for off, fan, warm air, hot air
- Thermostat with continuously adjustable temperature control
- Stable plastic housing
- 75° oscillation for better air distribution
- Tip-over protection/auto off = safety switching off
- Lightweight and quiet
- Practical handle in the housing
- Protection class IP21 drip-proof
- On/off switch
- Overheat protection
- Power rating: 1,300/2,000 W, 220-240 V~, 50 Hz
 Dimensions (LxWxH): ca. 22.4 x 17.7 x 34.7 cm
- Colour: White

Order no.: 86440

CERAMIC FAN HEATER Bathroom Black

- PTC ceramic fan heater
- Switch with 4 settings for off, fan, warm air, hot air
- Thermostat with continuously adjustable temperature control
- Stable plastic housing
- 75° oscillation for better air distribution
- Tip-over protection/auto off = safety switching off
- Lightweight and quiet
- Practical handle in the housing
- Protection class IP21 drip-proof
- On/off switch
- Overheat protection
- Power rating: 1,300/2,000 W, 220-240 V~, 50 Hz
 Dimensions (LxWxH): ca. 22.4 x 17.7 x 34.7 cm
- Colour: Black

FAN HEATER Box IP21

- Modern design with covered operating controls
- Protection class IP21 drip-proof
- 4 settings: off, fan, warm air, hot air
- Automatic switching on/off upon reaching chosen temperature
- Thermostat with fully adjustable temperature control
- 70° oscillation for better air distribution
- 2 hour timer
- Tip-over protection/auto-off = safety switching off
- Convenient built-in carrying handle
- Overheat protection
- Power rating: 1,800-2,000 W, 220-240 V~, 50/60 Hz
- Dimensions (LxWxH): ca. 21.3 x 13.4 x 32.7 cm
- Colour: White/grey

Order no.: 86450

CERAMIC FAN HEATER Compact White

- PTC ceramic fan heater
- 2 settings: 1,000W / 2,000W
- Digital temperature control from 15 °C to 30 °C
- Automatic switching on/off upon reaching chosen temperature
- LED display with temperature indication
- 12 hour timer
- Tip-over protection/auto-off = safety switching off
- Convenient built-in carrying handle
- Indicator light
- On/off switch
- Overheat protection
- Including remote control
- Power rating: 2,000 W, 220-240 V~, 50 Hz
- **Dimensions** (LxWxH): ca. 17.9 x 12.9 x 37.5 cm
- Colour: White
- Accessories: Remote control incl. batteries

CERAMIC FAN HEATER 3D

- PTC ceramic fan heater
- 3D air circulation 80° oscillation, 45° angle of inclination for better air distribution
- 4 settings: off, fan, warm air, hot air
- Automatic switching on/off upon reaching chosen temperature
- Oscillation and inclination can be set separately/combined
- Tip-over protection/auto-off = safety switching off
- Removable, exchangeable dust filter
- Indicator lightsOn/off switch
- Touch panel = sensor control field
- Overheat protection
- Incl. practical remote control (holds by magnet on fan heater)
- Protection class II
- Power rating: 1,800 W, 220-240 V~, 50/60 Hz
- **Dimensions** (LxWxH): ca. 20.2 x 21 x 53 cm
- Colour: Copper/black
- Accessories: Remote control incl. batteries
